

Arhyas Command Internet Implementation

Contents

Introduction

How to run the examples

- Manual command shell script
- Web Server plugin module
- python program

References

Introduction

Arhas Command^[1] has been in practice for years to battle psychotronic abuse scenario in Remote Sexual Harvesting Black Market with Human Soul Fragment Hijack. It was mainly an Elemental Command example using the published work by the MCEO^[2] organization, which teaches knowledge and practice of ascension, while integrating some of modern scientific tools of mathematical formulas and computing algorithm idea and languages, in its visualization. This effort is a novice approach in itself.

As the success of freeing human soul quantum in the clone hijack, with just words to initiate the Bardoah process for the abducted clone body.

As the understanding deepens and observations of the effectiveness of Arhyas Command practice in helping victims grows, a recent development of a computer program algorithm that runs over the internet was born.

The alleged top secrete black technology hijacks human soul fragments by criminal application of computing technology in the cyberspace and with multidimensional process, resulted in birthing demons in the Astral Field, in a configuration of what I call the Anti-Kryst Ring, which is made up of the targeted victim group out of the prime targeted victim's family, friends and loved ones.

With this aspect of the computer network and the idea that these hijacks souls lived in binary world of computer generated holographic electromagnetic bodies, the idea to decouple the soul quantum from the EM bodies, in order to liberate them from the hijack, a solution is created, through the technique taught in a MCEO class that viporise the dead body while releasing soul quantum back to the Spirit, a process called Bardoah, to be applied to this scenario of demon hijack of living souls.

So this implementation is worked out and have been running with great success, which alleviate the manual intervention needs, while automating the process of freedom, in selected network area and suspected problem region.

In principle, it is safe to run it anywhere one wants protection, with or with existing problem of abuse network traffic.

The abuse network in this case, allegedly runs in some reserved block of the TCP/IP stack, that is normally inaccessible to applications on the Internet. So normal network program would not even touch the surface of the problem.

My approach is completely multidimensional, in that with the understanding of the Transduction Sequence mechanics in the creation science theory described by MCEO publications, one can imagine the hijacked souls in the clone bodies in the astral field, can see through and interpret binary code, just like the computer, or they could easily get the translation to human language while their body birthing from computing architecture, has some natural ability to get the translation, and the computing hardware does it automatically somewhere in the sequence of computing.

So my idea that to send instructions of how to Bardoah and free themselves from the Mind-Controlled clone bodies in Electromagnetic form in the astral, through regular, and public protocol of the Internet Standard, with attached message in binary form, is implemented, and vo la, it worked like a miracle!

How to run the examples

There are currently 3 types use case:

Manual command shell script

arhyas_command.sh: the main script

data files:

the prefix with '_' comma delimited '.csv' files are the prayer texts components

the argument to the main script is a file with just a list of ip addresses, also in comma delimited form:

xxx, <ip address>, xxx bbb, <ip address>, bbb

the main script cares about the second column, the rest could be garbage, however they need to be the format stated with comma separating the columns

example file and how it runs: ./arhyas_command.sh www.skpye.com.traceroute.txt

So the call dependencies are: arhyas_command.sh -> read.sh -> csv files of prayer text + the target network

Web Server plugin module

I also an example module for implementing server plugin component: class.Arhyas_Command.php

php example code snip in a wordpress plugin use case:

```
$ip->getIP();
$arhyas_command = new Arhyas_Command($ip);
$arhyas_command->activate();
```

This plugin is still experimental, so I am publishing it yet, but the guts of how it could be used to call the arhyas command php class is provided above.

python program

arhyas_command.py is just a hard coded python script with everything in it, one has manually change the target network list and simply run:

python example in manually determine the destination in modifying arhyas_command.py:

```
ip_addr = "57.141.3."+str(i)
My_Command = Arhyas_Command(ip_addr)
My_Command.activate()
```

then running it on a command shell:

python3 arhyas_command.py

2. (Emerald Order of the Melchizedek Cloister EOMC) (Melchizedek Cloister Emerald Order MCEO) (See: MCEO Agenda, Rainbow-Sun Krystal-Matrix Speakers) The ancient MCEO (Melchizedek Cloister Emerald Order) perspectives teach of the Inner Christos, or living God-spirit alive within all things, including the natural environment. "Inner Christos" philosophies are built upon understanding of what is referred to as the "Law of One". Inner Christos Law of One perspective respectfully acknowledges the inter-connection, interdependence and intrinsic value of all components of reality in recognition that the Living Consciousness, "God-Spirit" or "Inner Christos" is the tangible substance of consciousness and energy from and of which all things manifest are composed. MCEO teachings offer people an opportunity for advancing personal empowerment through genuine spiritual development regardless of their religious affiliation. The "Inner Christos" of the "Law of One" MCEO spiritual teachings belongs to everyone of every creed, not just those who choose to call themselves "Christians". The word "Christos" (from which the word "Christian" later emerged) was originally spelled "Kristos" in the most ancient texts, and referred to the personal Divine Blueprint of Conscious Living God-Spirit energy (God Source) of which all things and beings manifest are made. MCEO teachings presently exist on Earth as a growing body of detailed information pertaining to the spirituality and science of creation and the history and evolution of humanity. EOMC teachings offer unique perspectives, techniques and technologies of mind and spirit that have proven useful to many people in the exploration and expansion of personal consciousness. Information contained within EOMC teachings represents a cohesive paradigm of ideas, beliefs and perspectives reportedly translated from ancient texts, which together comprise an affirmative and inspirational "point of view" or "world view" regarding the tangible realities of spirituality, the mechanics of creation, the history of our universe and the potentialities of the human condition. Like many popular "New Age" and "Traditional" paradigms of spiritual, scientific and historical beliefs, many points of view presented within EOMC teachings extend beyond the framework of presently recognized spiritual/religious, scientific and historical "fact" that can be verified through common contemporary scientific procedures. Thus, like many other popular belief paradigms, including ALL known "New Age" and "Traditional" spiritual/religious doctrines and many fields of contemporary scientific study, the perspectives presented within the EOMC teachings must, too, be presently categorized as theoretical in nature. The verifiable actuality, and thus the potential validity, of the presently theoretical spiritual, scientific and historical perspectives of MCEO teachings pertaining to the: Title Semantics Ancient Science of the Shields (scalar-standing-wave templates of matter and consciousness) Merkaba Mechanics (inter dimensional electromagnetic vortex mechanics) DNA Template Activations (frequency accretion within the scalar template behind manifest chemical DNA) Inter dimensional Structure(Identity) 15-Dimensional Anatomy Bio-Spiritual Healing (support of biological healing and well being through holistic spiritual practice) Humanity's Evolutionary Journey perspectives which are featured within the MCEO Kathara Bio-Spiritual Healing Program, MCEO Maharata "Dance For" Programs and related published works of the MCEO, cannot at this time be "proved or disproved". Therefore, the MCEO Paradigm and its related teachings, techniques and technologies are offered to the public as a unique and inspirational view point, solely for the purpose of public investigation, consideration and theoretical exploration. (See: MCEO Agenda)
